EPPS' COCOA.

By a thorough knowledge of the natural laws which govern the operation of digestion and nutrition, and by a careful application of the fine proporties of well selected occos, Mr. Epps has provided our breaktast tables with a delicately flavored beverage, which may save us many heavy doctor's bills. It so by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maiadies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and properly nourished frame.—Civil Service Gazette.
